

The school:

We will aim to provide the pupils and staff with a safe, stable, attractive and friendly working environment.

We will aim to maintain and nourish a positive atmosphere of trust and respect between pupils, staff and parents where desirable behaviour and academic effort and achievement are recognised and praised.

We will encourage pupils to take responsibility for their actions, to develop self-esteem and confidence, to take a pride in their work and to strive for high standards in both behaviour and academic achievement, whatever their background.

We will encourage pupils to care for one another, to show politeness, tolerance and respect towards other children and adults and to keep our school rules.

We will seek to treat all children as individuals with equal rights and to help each one to develop towards their full potential.

We will provide homework as set out in the homework policy.

We will arrange opportunities for parents to meet with their child's teacher to discuss progress throughout the year. We will also meet regularly with parents of children who have special needs to discuss their progress and ways in which parents can help.

We will seek to ensure that children receive the broad and balanced curriculum to which they are entitled. We will aim to deliver this in a high quality, stimulating fashion, using first hand experience and practical activities wherever possible and relevant.

Parents:

We will make sure our child arrives on time, ready for school to begin at 8.50 a.m.

We will make sure our child attends regularly and brings a note if they are absent.

We will attend consultation evenings and other discussions about our child's progress.

We will let the school know if there are problems that might affect our child's work or behaviour.

We will support the school's rules and policies on areas such as behaviour, homework and uniform.
