

**Appendix C
(COVID 19 – School’s Risk Assessment)**

Names of Assessors:	Mrs S Thorpe, Mrs A Cattermole	Date Completed:	<u>28-05-2020</u>
Activity Being Assessed:	COVID 19 risks associated with employees and relevant others accessing and working from school premises (This supersedes previous school COVID-19 risk assessments).		

Risk Matrix Table					
Severity	Likelihood of harm				
	1 – Very Unlikely	2 - Unlikely	3 - Possible	4 – Likely	5 – Very Likely
1 – Extremely Low (Trivial injury)	1	2	3	4	5
2 - Low (Minor injury)	2	4	6	8	10
3- Medium (Lost Time injury)	3	6	9	12	15
4 - High (Specified injury)	4	8	12	16	20
5 - Extremely High (Fatality)	5	10	15	20	25

- Identify significant hazards and who could be harmed (E – Employees, SU – Service Users, VP - Vulnerable Persons, V – Visitors, P - Members of the Public, C – Contractors, ES - Emergency Services)
- Once the significant hazards and existing control measures have been identified, the remaining risks need to be rated.
- The risk matrix table above can be used to calculate the overall risk rating by multiplying the relevant numbers assigned to the likelihood and the severity of each hazard.
- Once the overall risk rating has been calculated for each hazard, the table below will indicate if further action is required to control the risks.
- The action register should be used to document any additional control measures required.
- Once additional control measures have been implemented the risk rating will need to be reassessed and the additional control measures incorporated into the main assessment.

Overall Risk Rating	Action Required
(1- 5) Low Risk	Maintain existing control measures.
(6 - 12) Medium Risk	Review existing control measures and where possible add additional control measures to further reduce the risk.
(15 - 16) High Risk	Consideration given to stopping the activity. Additional control measures are required to reduce risks to acceptable level.
(20 – 25) Extremely High Risk	Stop activity until additional control measures are implemented to reduce risk to an acceptable level.

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
1.	Risk of exposure to COVID 19 when carrying out activities in School premises including contact with members of the public.	E, VP, C, SU, V	<p>Staff and management to confirm if symptoms of coronavirus (COVID-19) are recent with onset of any of the following:</p> <ul style="list-style-type: none"> - a new continuous cough - a high temperature - a loss of, or change in, your normal sense of taste or smell (anosmia) <p>Any staff member or pupil displaying symptoms of Coronavirus (Covid-19) or who have someone in their household who does, must not attend school. Anyone developing these symptoms during the school day will be sent home and advised to follow 'stay at home: guidance for households with possible or confirmed coronavirus infection' which says that they must self-isolate for at least 7 days and should arrange to have a test. Other members of their household should self-isolate for 14 days from when the symptomatic person first had symptoms.</p> <hr/> <p>Staff to inform managers of any pre-existing medical conditions which could increase their risk of exposure.</p> <p>A report by Public Health England has found that individuals could be at an increased risk from COVID-19 if you are:</p> <ul style="list-style-type: none"> • Male • From a Black, Asian or minority ethnic background (BAME) • Born outside of the UK or Ireland <p>If you fall under one of the above categories you should discuss your concerns with your manager. If an individual has been identified as vulnerable this is to be documented within the action register of this risk assessment.</p>	1	5	5

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
2.	Risk of exposure to COVID 19 when carrying out activities in School premises including contact with members of the public.	E, VP, C, P, ES, SU	<p>All staff and pupils should:</p> <ul style="list-style-type: none"> Wash hands frequently using soap and water. Or alcohol gel (>70% proof) if available. Avoid touching eyes nose and mouth. Avoid handshakes Maintain social distancing (2 metres) Avoid hot desking Maintain clear desk policy Clean work station, desk, keyboard, mouse, phone, with approved cleaning materials prior and after use. Good hygiene practices implemented in communal areas such as kitchens and high touch areas. Self-isolate if symptoms present and notify your manager ASAP arrange COVID-19 testing ASAP (ref 21). <p>Head teachers to implement arrangements to minimise members of the public accessing buildings where possible.</p> <p>When members of the public have to access buildings, arrangements to be in place to ensure entry is by appointment only in order to manage social distancing requirements. Only one person (plus accompanying child) allowed entry into the main office reception area at any one time.</p> <p>Signage to be produced and displayed at entrances informing members of the public rules around COVID 19 arrangements.</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			Staff to refuse entry to members of the public and pupils showing signs (fever or cough) of COVID 19.			
			Staff to avoid cash handling where possible. Staff to wash hands using soap and water or alcohol gel (>70% proof) if available if cash handling is unavoidable.			
3.	Risk of exposure to COVID 19 when carrying out activities in School premises including contact with members of the public and pupils.	E, VP, C, P, ES, SU, V	<p>Arrange for relevant office and teaching areas to be cleaned using appropriate disinfectant or chlorine based products (kills 99.9%) as per manufacturer's instructions for cleaning workstations.</p> <p>Property Services will provide cleaning / hygiene products for high risk buildings (public interface). If required contact Property Services Help Desk on 01642 727028.</p> <p>Staff to clean work stations prior to and post use with approved cleaning agents in accordance with manufacturer's instructions, or as detailed below:</p> <ul style="list-style-type: none"> • either a combined detergent disinfectant solution at a dilution of 1,000 parts per million available chlorine or; • a household detergent followed by disinfection (1000 ppm av.cl.) or; • or if an alternative disinfectant is used within the organisation, this should be checked and ensure that it is effective against enveloped viruses. 	2	5	10
4.	Risk of exposure to COVID 19 when staff or relevant others working in a school building are confirmed cases of COVID 19	E, VP, C, P, ES, SU, V	<p>Head Teacher to log all instances of staff and relevant others who are self-isolating as a result of suspected or confirmed COVID 19 and forward to the School Business Manager who will record the information on HR Online (Xentrall). Head Teacher and teachers to inform office administration staff of pupils self-isolating as a result of suspected or confirmed COVID 19 and all instances recorded on SIMS.</p> <p>Staff and relevant others displaying symptoms need to self-isolate as per government advice (7 days individuals / 14 days family) or longer if situation requires.</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Arrange for relevant areas to be cleaned using appropriate disinfectant or chlorine based products (kills 99.9%) as per manufacturer's instructions or as detailed in ref 3:</p> <ul style="list-style-type: none"> - Desk and workstation of confirmed cases - Common contact points within building, e.g. Banisters, door handles, chairs, etc. - Communal areas. E.g. Kitchens, toilets, meeting rooms, etc. 			
5.	Risk of exposure to COVID 19 when staff or relevant others working in a school building with confirmed cases of COVID 19	E, VP, C, P, ES, SU, V	<p>Follow Public Health England (PHE) Guidance on the cleaning of non-clinical areas: https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings</p> <p>Minimum PPE to be worn is:</p> <ul style="list-style-type: none"> - Disposable washing up gloves - Disposable Apron <p>If area has been heavily contaminated such as with visible body fluids then the following additional PPE can be considered:</p> <ul style="list-style-type: none"> - Disposable surgical mask <p>Nominated staff to carry out deep clean of potentially contaminated areas within the school and follow risk assessment guidance associated with cleaning materials used.</p> <p>Head teacher to ensure relevant areas are kept clear until areas have been cleaned with disinfectant.</p> <p>Workstation of confirmed case to be cleaned as above and quarantined for 72 hours, so far as is reasonably practicable.</p> <p>On completion of cleaning tasks remove PPE in this order:</p> <ol style="list-style-type: none"> 1. Remove gloves and sanitise hands. 2. Remove apron & eye protection and sanitise hands 3. Remove mask and sanitise hands <p>Dispose of PPE into bin bag and tie, then double bag and tie again. Dispose of after 72 hours.</p> <p>Wash hands using soap and water or alcohol gel (70%)</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
6	Teacher, staff to pupil ratios for COVID-19 under PHE guidance.	E, VP, C, P, ES, SU	For primary schools, year-group sized bubbles will be implemented and encouraged to socially distance within their bubbles wherever possible.	2	5	10
			All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of school timetable. Where staff move between classes and year groups, they should try to socially distance as much as they can.			
			Maintained Nursery Schools and nursery classes in maintained schools caring for children aged three and over Current requirement: <ul style="list-style-type: none"> • There must be at least one member of staff for every 13 children • At least one member of staff must be a school teacher as defined by section 122 of the Education Act 2002 • At least one other member of staff must hold a full and relevant level 3 qualification. 			
7	Planning and Organisation controls implemented prior to school reopening to prevent possible spread of COVID-19	E, VP, C, P, ES	Head Teacher will monitor the Local Outbreak Plan and review the R number and regional transmission rate of Covid-19 prior to making any decision on reopening the school. NOTE: the transmission rate will impact upon the overall risk rating of this assessment. This risk assessment must be reviewed and additional control measures implemented as required If the transmission rate increases to a level which impacts upon the safety of staff and relevant others.	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Head teacher is to organise classrooms and other learning environments such as art studio, ICT suite and halls for those groups, maintaining space between seats and desks where possible. After school clubs will be in school bubbles and follow the agreed school guidelines.</p> <p>Head teacher is to refresh the timetable:</p> <ul style="list-style-type: none"> ○ Decide which lessons or activities will be delivered. ○ Consider which lessons or classroom activities could take place outdoors. ○ Use the timetable and selection of classroom or other learning environment to reduce movement around the school or building. ○ Stagger break times (including lunch), so that all children are not moving around the school at the same time. ○ Stagger drop-off and collection times. ○ Plan parents' drop-off and pick-up protocols that minimise adult to adult contact. <p>Childcare settings or early years groups in school should:</p> <ul style="list-style-type: none"> ○ Consider how to keep small groups of children together throughout the day and to avoid larger groups of children mixing wherever possible. ○ Staff are aware that early years children have a lesser understanding of social distancing though they will make their best endeavours to encourage this. ○ Consider how play equipment is used ensuring it is appropriately disinfected between groups of children using it, and that multiple groups do not use it simultaneously. <p>Remove unnecessary items from classrooms and other learning environments where there is space to store it elsewhere.</p>			

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Remove soft furnishings, soft toys and toys that are hard to clean (such as those with intricate parts).</p> <p>Children should bring their PE kit in a drawstring bag or a carrier bag and it needs to be clearly labelled.</p> <p>Consider how children and young people arrive at the education or childcare setting, and reduce any unnecessary travel on coaches, buses or public transport where possible. Read the Coronavirus (COVID-19): safer travel guidance for passengers.</p>			
8	Risk of transmission and spread of COVID-19 associated with arrangements for keeping groups of pupils together.	E, VP, C, P, ES, SU, V	<p>Head teacher is to ensure that children and young people are in the same bubbles at all times each day, and different bubbles are not mixed during the day.</p> <p>Head teacher is to ensure that the same teacher(s) and other staff are assigned to each bubble and, as far as possible, these stay the same during the day and on subsequent days.</p> <p>Head teacher is to ensure that wherever possible children and young people use the same classroom or area of a setting throughout the day, with a thorough cleaning and disinfecting of the rooms at the end of the day. Intervention rooms will be cleaned after each bubble.</p> <p>Head teacher to give consideration to seating pupils at the same desk each day wherever possible. Desks will be front facing and children will be seated side by side and not facing each other.</p> <p>Head teacher is to ensure that alcohol gel or hand washing facilities to be provided upon entry to classrooms and at strategic locations within schools.</p> <p>Staff and pupils must wash their hands or use alcohol gel upon entering the premises.</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>If children arrive wearing a face mask, parents will remove it before the child enters school. If the parent is not present, children will place face masks into a plastic sealed bag until they exit school.</p> <p>Robust signing in procedures must be implemented within each school to enable contact tracing of those in contact with confirmed COVID 19 cases.</p> <p>Implementation of electronic signing in process where possible.</p> <p>If not possible, receptionists to document visitor details to avoid cross contamination and potential spread of virus.</p> <p>Literature racks at reception and other areas within the building to be removed to avoid cross contamination.</p> <p>Visitors to be escorted by host (maintain social distancing) for duration of visit.</p> <p>Access control passes to be provided to visitors for this purpose where possible and returned to reception on completion of visit to be sanitised.</p>			
9	Risk of transmission and spread of COVID-19 associated with cleaning and hygiene standards.	E, VP, C, P, ES, SU, V	<p>Follow the COVID-19: Guidance for full opening: schools. www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools Section 1, systems of control.</p> <p>Ensure that sufficient handwashing facilities are available. Where a sink is not nearby, provide hand sanitiser in classrooms and other learning environments.</p> <p>Sanitise surfaces that children and young people are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters, more regularly than normal.</p> <p>Ensure that all adults and children:</p> <ul style="list-style-type: none"> Frequently wash their hands with soap and water for 20 seconds and dry thoroughly. Review the guidance on hand cleaning. 	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<ul style="list-style-type: none"> Clean their hands on arrival at the setting, before and after eating, and after sneezing or coughing. Are encouraged not to touch their mouth, eyes and nose. Use a tissue or elbow to cough or sneeze and use bins for tissue waste ('catch it, bin it, kill it'). 			
			Consider how to encourage young children to learn and practise these habits through games and repetition.			
			Ensure that help is available for children and young people who have trouble cleaning their hands independently.			
			Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and aid ventilation, consider the use of doorguards for fire doors which can be linked to the fire alarm system.			
			Where possible, all spaces should be well ventilated using natural ventilation (opening windows) or ventilation units.			
			Ensure that tissues are placed in the appropriate bin and bins are emptied at least once per day.			

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
10	Risk of exposure to COVID 19 when staff or pupils or relevant others use staircases	E, VP, C, ES, SU, V	<p>Introduction of one way systems on stairwells where possible.</p> <p>Signage will be introduced indicating the direction of travel on each stairwell entry point near the staff room.</p> <p>If a one way system is not achievable ensure staff are informed to stick to their left side to walk up the stairs and stick to their left side to walk down the stairs, if safe to do so and stairwells are wide enough for this purpose.</p> <p>Signage to be provided to detail arrangements and all staff briefed to ensure that they are aware of these controls.</p> <p>All staff to ensure that they do not stop to converse with other members of staff on stairwells.</p> <p>Ensure that high touch areas (bannisters etc) are part of the disinfectant regime for the building, hand washing facilities or alcohol gel provided on each floor and staff to follow good hygiene measures accordingly to prevent potential spread.</p>	2	5	10
11	Risk of exposure to COVID 19 when staff, Pupils or relevant use corridors within school	E, VP, C, P, ES, SU, V	<p>Doors kept open where possible to avoid contact with high touch areas.</p> <p>NOTE: This does not apply to fire doors unless approved safety mechanisms are used such as doorguards or other hold open devices which release on alarm activation.</p> <p>Fire doors need to be appropriately signed to enable staff to identify fire doors easily.</p> <p>Staff advised to use elbow for opening door release mechanisms where possible.</p> <p>Fire doors must not be wedged open.</p> <p>Vision screens in doors to be kept clear at all times</p> <p>One-way systems to be implemented where possible.</p>	1	5	5

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			If not possible clear instructions regarding usage to be produced and clearly communicated to staff and relevant others. Floor markings/graphics to be provided to provide social distance guidance.			

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			Use of photocopiers: Photocopiers to be limited to one person per time. Staff advised to limit use of the photocopier and wash hands after use. Consider the use of touch screen pens when using photocopier. Cleaning regime must be in place for high touch areas on photocopier.			
12	Risk of exposure to COVID 19 when staff or relevant others use toilets	E, VP, C, P, ES, V, SU	Restrict the number of people using the toilets at any one time. Maximum occupancies (1 person every 2 metres) identified on the door. Toilets are screened from each other. It must be ensured capacity of toilets is not exceeded. Plan to be put in place by Head Teacher or relevant other to ensure social distancing. Windows opened to allow for natural ventilation where possible. Cleaning regime put in place to ensure high contact points are regularly sanitised. Soap to be provided for hand washing and paper towels for drying	2	5	10
13	Risk of exposure to COVID 19 due to mixing within education or childcare setting.	E, VP, C, P, ES, SU, V	Access rooms directly from outside where possible. Consider one-way circulation, or advise class groups to only use corridor when empty. Staggering breaks to ensure that any corridors or circulation routes used have a limited number of pupils using them at any time.	3	4	12

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Staggering lunch breaks - children and young people should clean their hands beforehand and enter in the bubble they are already in, bubbles should be kept apart as much as possible and tables should be cleaned between each bubble. If such measures are not possible, children should be brought their lunch in their classrooms. Children will be seated forward facing unless Perspex screens are in place across the table. Perspex screens will be cleaned between each bubble.</p> <p>Packed lunches may be delivered to classrooms and children may eat in their allocated classroom or appropriate space e.g. hall or outdoors.</p> <p>Windows to be open in dining halls.</p> <p>Ensuring that toilets do not become crowded by limiting the number of children or young people who use the toilet facilities at one time.</p> <p>Noting that some children and young people will need additional support to follow these measures (for example, routes round school marked in braille or with other meaningful symbols, and social stories to support them in understanding how to follow rules).</p> <p>Arrangements put in place so that areas are regularly cleaned and sanitised after use including high touch points.</p> <p>Teachers, when leaving their classes to be covered, will sanitise high touch areas (e.g. desk / smartboard) and cover teachers will also sanitise these areas before and after use.</p> <p>Use outside space:</p> <ul style="list-style-type: none"> • For exercise and breaks. • For outdoor education, where possible, as this can limit transmission and more easily allow for distance between children and staff. • Outdoor equipment will only be used if the setting is able to ensure that it is appropriately cleaned between groups of children and young people using 			

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>it, and that multiple groups do not use it simultaneously. Read COVID-19: cleaning of non-healthcare settings.</p> <p>For shared rooms:</p> <ul style="list-style-type: none"> Use halls, dining areas and internal and external sports facilities for lunch and exercise within bubbles. If bubbles take staggered breaks between lessons, these areas can be shared as long as different bubbles do not mix (and especially do not play sports or games together) and adequate cleaning between bubbles is in place, following the COVID-19: cleaning of non-healthcare settings guidance. Stagger the use of staff rooms and offices to limit occupancy. Maximum of 3 staff at any one time in Nursery staff room. <p>Reduce the use of shared resources:</p> <ul style="list-style-type: none"> Limit the amount of shared resources that are taken home and limit exchange of take-home resources between children, young people and staff Seek to prevent the sharing of stationery and other equipment where possible. Shared materials and surfaces should be cleaned and disinfected more frequently. Although practical lessons can go ahead if equipment can be cleaned thoroughly and the classroom or other learning environment is occupied by the same children or young people in one day, or properly cleaned between cohorts. 			
14	Risk of spread of COVID-19 due to transport arrangements of parents and Pupils.	E, VP, C, P, ES, SU	<p>Encourage parents and children and young people to walk or cycle to their education setting where possible.</p> <p>Make sure schools, parents and young people follow the Coronavirus (COVID-19): safer travel guidance for passengers when planning their travel.</p> <p>Ensure that transport arrangements cater for any changes to start and finish times.</p> <p>Ensure that transport providers do not work if they or a member of their household are displaying any symptoms of coronavirus.</p>	3	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Ensure transport providers, as far as possible, follow hygiene rules and try to keep distance from their passengers and follow guidance</p> <p>Take appropriate actions to reduce risk if hygiene rules and social distancing is not possible, for example when transporting children and young people with complex needs who need support to access the vehicle or fasten seatbelts.</p> <p>Local authorities or transport providers could consider the following:</p> <ul style="list-style-type: none"> • guidance or training for school transport colleagues • substituting smaller vehicles with larger ones, or running 2 vehicles rather than one, where possible, to reduce the number of passengers per vehicle and increase the amount of space between passengers • cordoning off seats and eliminating face-to-face seating, where vehicle capacity allows, to help passengers spread out. <p>Communicating revised travel plans clearly to contractors, local authorities and parents where appropriate (for instance, to agree pick-up and drop-off times). For school trips and visits children will travel in their school bubbles. School will confirm with coach company that the coach is being sanitised before use and will remain at the venue to avoid cross contamination. Additional staff will travel separately in individual cars. Staff will ensure compliance with all educational visits guidelines.</p>			
15	Risk of exposure to COVID 19 when staff or relevant others use welfare facilities including; Kitchen facilities and rest areas.	E, VP, C, V	<p>Wherever possible stagger breaks to reduce the number using the facilities in order to achieve social distancing.</p> <p>Restrict the number of people using kitchens and rest areas at any one time. Maximum of 3 staff at any one time in Nursery staff room.</p> <p>Vision panels (windows) in doors kept clear at all times to assist staff in identifying visually if the capacity has been exceeded without opening the door.</p> <p>Staff to strictly observe social distancing guidelines in the staff room.</p> <p>Staff to clean high touch areas of fridges and microwaves with antibacterial wipes after use to reduce potential spread of virus through high touch areas.</p>	1	5	5

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Disposable paper towels to be provided only – no multi use towels to be used.</p> <p>All toilets and kitchens provided with hand washing facilities with soap, disposable towels and hot running water.</p> <p>Posters displayed in toilets and kitchens asking staff to wash their hands for twenty seconds using soap and water.</p> <p>Signage to be provided as to who to contact when stock requires replenishment. Mrs Stephenson or Mr Wilson, (Caretaker)</p> <p>Government advice is to Catch Coughs and Sneezes in tissues – Tissues available throughout the workplace – placed in appropriate bins.</p> <p>Seating arrangements within kitchens to be arranged so that social distancing can be maintained.</p> <p>Consideration given to temporarily closing small kitchens if required.</p> <p>Staff must strictly follow social distancing guidelines when eating and drinking in the staff room.</p> <p>Water fountain high touch point requires to be added to the cleaning regime and staff reminded of hygiene measures when using the facility.</p>			
16	Communicating the risk of exposure to COVID 19	E, VP, C, P, ES, V, SU	<p>Head teachers must ensure they introduce documented systems to communicate the requirements of COVID 19 premises risk assessments in the premises where their staff are working or visiting.</p> <p>Head teachers ensure the information includes the control measures which have been implemented and premises specific instructions in order to help protect staff and others whilst in school premises.</p>	3	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Head teachers ensure that they inform all children, young people, parents, carers or any visitors, such as suppliers, not to enter the education or childcare setting if they are displaying any symptoms of coronavirus (following the COVID-19: guidance for households with possible coronavirus infection).</p> <p>Head teachers ensure that they inform all parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend.</p> <p>Head teachers ensure that they inform all parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use).</p> <p>Head teachers ensure they make clear to parents that they cannot gather at entrance gates or doors. Parents may only enter site through clock tower entrance one at a time (with accompanying child).</p> <p>Signs and notices relating to COVID 19 risks and required precautions to be provided at strategic locations throughout the building.</p> <p>Head teachers ensure that parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the Coronavirus (COVID-19): safer travel guidance for passengers.</p> <p>Head teachers to engage with staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing extra training requirements.</p>			

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Head teachers to communicate early with contractors and suppliers that will need to prepare to support your plans for opening for example, cleaning, catering, food supplies and hygiene suppliers.</p> <p>Discuss with cleaning contractors or staff the additional cleaning requirements and agree additional hours to allow for this.</p> <p>Use of emails and the Intranet to cascade information as and when required in addition to risk assessment sign off sheets.</p>			
17	Risk of COVID 19 exposure or transmission as a result of fire safety and other emergency arrangements.	E, VP, C, P, ES, V, SU	<p>Review emergency evacuation procedure to ensure that arrangements remain valid for:</p> <ul style="list-style-type: none"> • Means s of escape • Muster points • PEEPS • Number of trained fire wardens <p>Social distancing measures to be maintained for above situations where possible.</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>Updated fire evacuation plan to be communicated to all persons working within the premises or visiting the premises.</p> <p>Update fire evacuation plan to be maintained for audit and inspection purposes.</p> <p>Consideration given to PEEPS and precautions required to minimise risks associated with COVID 19 when responding to a fire or alarm activation situation.</p> <p>Fire log book to be maintained for all occupied buildings.</p> <p>Fire risk assessment to be reviewed by the relevant Head Teacher as and when required and updated accordingly subject to risk.</p>			
18	Risk of COVID 19 exposure or transmission as a result of first aid arrangements.	E, VP, C, P, ES, V, SU	<p>Head teacher is to review current first aid risk assessment and COVID 19 first aid risk assessment and understand the risk and control measures required for provision of first aid.</p> <p>The written first aid risk assessment should take into account all relevant factors with the aim of enabling the setting to ensure they can provide the safe care needed</p>	2	5	10

Ref	Hazard Identification & Associated Risks	Who could be harmed? (E, SU, VP, V, P, C, ES)	Existing Control Measures	Residual Risk Rating		
				Likelihood	Severity	Overall Risk
			<p>by children of critical workers, vulnerable children and other children attending school during COVID-19 outbreak, including:</p> <ul style="list-style-type: none"> • The number of children on the premises. • The staff to child ratios. • The types of activities undertaken with the children on the premises. • The likely need for first aid based on the needs of the children attending the premises. • First aider knowledge among staff on the premises; and • The mitigations available to reduce the risk of such an incident. <p>If anyone in school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste of smell, they must be sent home and advised to follow the guidance for households with possible coronavirus infection. If a pupil is awaiting collection, they should be isolated wherever possible, with appropriate adult supervision if required depending on the age of the pupil. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. PPE should be worn by staff caring for the pupil while they await collection if direct personal care is needed and a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs). After the child has been collected the member of staff caring for the pupil should thoroughly wash their hands and the room should be thoroughly cleaned.</p> <p>Monitor arrangements for first aid provision on a regular basis and ensure adequate number of trained first aiders are in place in accordance with relevant risk assessments and government guidance.</p> <p>First aid kits to be updated to include (where already not supplied) surgical masks, eye protection, disposable gloves, disposable aprons and hand sanitisers.</p>

Action Register

This action register should be used to document any additional control measures which are required to eliminate or adequately control the risks identified within the assessment.

- Any risks which require additional control measures which cannot be implemented in a timely manner, must be documented within the action register.
- Consideration should be given to the hierarchy of controls when implementing control measures.

- Actions must be assigned to an action owner who is responsible for implementing the required action within the timescales indicated.
- Service Area Managers must escalate any significant risks which cannot be resolved locally to their Head of Service for resolution.
- Heads of Service must escalate any risks which cannot be resolved at Head of Service level to their Director for resolution.
- The action register must be updated once the actions have been completed and the control measures incorporated into the risk assessment.

Ref	Date Assigned	Action Required	Action Owner	Action Taken	Date Completed
1	14-07-20	The Senior Leadership Team are aware of those members of staff who are within the vulnerable category.	Mrs S Thorpe		
2	July 20	Inspection by Local Authority Health & Safety		No action required	July 20
3	01-09-20	Inspection by local Authority Health & Safety		Staff advised re. children wearing masks	01-09-20
4	Sept 20	Public Health Inspection		No action required	September 20
5	1 Oct 20	Spot Inspection by Local Authority Health & Safety		Maximum of 3 staff members in Nursery Staff room. Windows to be opened in KS1 dining hall.	October 2020

Risk Assessment Authorisation & Review

Name of Assessor(s):	Mrs A Cattermole	Signature of Assessor(s):	Andrea Cattermole	Date:	28-5-20
Name of Authorising Manager:	Mrs S Thorpe	Signature of Authorising Manager:	Sandy Thorpe	Date:	28-5-20

- This risk assessment is a living document and must be reviewed regularly (at least annually) by the manager responsible for the activity being assessed. It should also be reviewed:
 - If there is reason to doubt the effectiveness of the assessment.
 - Following an accident or other significant incident which could impact upon the safety of employees or relevant others.
 - Following significant changes to the task, process, procedure, personnel or line management.
 - Following the introduction of vulnerable personnel.
- A copy of the updated risk assessment should be maintained and made available for inspection and audit purposes

System of controls

This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more detail in the sections below.

Prevention:

- 1) minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school
- 2) clean hands thoroughly more often than usual
- 3) ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- 4) introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach
- 5) minimise contact between individuals and maintain social distancing wherever possible
- 6) where necessary, wear appropriate personal protective equipment (PPE)

Numbers 1 to 4 must be in place in all schools, all the time.

Number 5 must be properly considered and schools must put in place measures that suit their particular circumstances.

Number 6 applies in specific circumstances.

Response to any infection:

- 7) engage with the NHS Test and Trace process
- 8) manage confirmed cases of coronavirus (COVID-19) amongst the school community
- 9) contain any outbreak by following local health protection team advice

Numbers 7 to 9 must be followed in every case where they are relevant.
