

Year 1 Curriculum Map

	Autumn	Spring	Summer
Prime Areas of learning (EYFS)	Making relationships Self-awareness Managing feelings and behaviour Listening and attention Understanding Speaking skills		
English	<u>Julia Donaldson</u> Zog Non-Fiction - School routine - sequencing Labels, lists, signs and captions Teeny Weeny Genie Creating own wishes Nursery Rhyme links Drama Sequencing/Retelling Cave Baby Sequencing – beginning middle and end Character description Setting description Prediction The Smeds and the Smoos Empathy and PSHE links Character description Talk for writing Comparison Rhyming Poetry – Christmas / season poems	<u>Fantasy/Non Fiction focus</u> Dragons The Egg Prediction Labelling Dragons for Beginners Report – caring for a dragon Creating own dragon story Tell Me a Dragon Non-Fiction Report writing about pets Layout of information texts Life Cycle tadpole to frog Poetry – Michael Rosen Reading focus – scanning, sequencing and opinion Phonics Sounds Write – extended code unit 10 - 18 Year 1 Common exception words	<u>Traditional Tales/Non Fiction focus</u> The Papaya that Spoke/Chicken Licken/ The Runaway Chaptti Narrative, story language Retelling using beginning, middle and end. Creating own 'runaway' story Food tasting Little Red Riding Hood / The Wolf's Story Trip to Hardwick Park Character description Setting description Comparing stories / different points of view Expressing opinion Non-fiction Instructions – how to get ready for Y2 Animal poems – Green Giant/My Neighbour's Dog Play scripts – Class assemblies and Year assembly

	Christams Story Christmas performance Reading focus – decoding and retrieval Phonics Sounds Write – extended code unit 1 - 9 Year 1 Common exception words		Reading focus – scanning, prediction and compare/contrast Phonics Sounds Write – extended code unit 18 -26 Year 1 Common exception words
Maths	Number Counting in 1s to 20 Counting in 10s Counting up / down from a given number Comparing and ordering numbers to 20 and beyond Mental Calculation to find 1 more/less, Simple subtraction Simple addition Problem Solving - practical / Real Life / Pictorial Missing number sequences Shape, space, measure Identifying 2D Shapes and their properties Recognising Fractions of shapes – halves / whole Height – measuring and comparing / ordering / cms Length - measuring and comparing / ordering /cms Sequencing times of the day Days of the week / month / year / seasons	Number Counting in 10s, 2s Identifying odd and even numbers Reading and writing numbers to 100 Understanding Place Value using partitioning Problem Solving - identifying patterns Number Bonds - pairs to 10 / represent in different ways – coins, weight etc Fact families / Inverse Written Methods for addition and subtraction including adding 3 numbers Missing number i.e. $3 + _ = 8$ Reading and Writing numbers up to 100 Doubling and halving Shape, space, measure Identifying 2D and 3D Shapes and their properties Money - recognise and identify coins Measuring – capacity and weight	Number Counting in 2s, 5s, 10s Recognising multiples of 2, 5 and 10 Problem solving – selecting a method Number bonds to 20 10 more/less Partitioning/ Strategies for adding/subtracting tens then ones Multiplication and Division facts using arrays Sharing / grouping Balancing sums Shape, space, measure Language of position, direction and movement (computing) Recognising halves and quarters Calculating halves and quarters of quantities Measuring recap – comparing / recording Telling the Time to O’Clock / Half Past / quarter past Recap 2D / 3D shapes Money - Identifying and recognising coins
Science	Ourselves, senses, sound and hearing Identifying parts of the body Senses Link with Art- self portrait Seasonal changes – Autumn/Winter Trip to Stewart Park Identifying signs of autumn Studying changes to plants, animals, weather Weather reports and dressing for the weather Link to months of the year and making calendars	Sorting and using materials Experiments using different materials Sorting objects according to material Recycling project Link with DT and designing own wooden toy Animals, humans and pets Identify wild animals and pets Study the features of different animals How to look after a pet Link to English – Pet report Zoo Lab visit	Seasonal changes – Spring/Summer Identify signs of spring and summer Study changes to plants, animals, weather Links to plants and growing Growing plants Parts of a plant Plant names / varieties How to look after a plant – planting seeds Foods that are plants Science fair Minibeasts

			Identifying types of insect Sorting and categorising Mini beast hunt Snail investigation – creating a habitat Bug Hotel (DT skills)	
Humanities (History and Geography)	Did the Great Fire of London have a positive impact? Fire in Whinney Banks/ London now and then Samuel Pepys Fire fighters now and then Events of the Great Fire of London	How did Florence Nightingale and Mary Seacole improve hospitals today? The role of a nurse past and present The life of Florence Nightingale and Mary Seacole Their impact on life today	Places around the World Desert, Antarctic, Arctic – Polar Regions. Comparing hot and cold areas of the world - Poles, equator - Animals - Clothing - Homes - Plants	Would you rather go to the Arctic or the moon? Focus on location, lives work, events and legacy. Travel by ships and rocket. Human geography and land use.
	Identifying places on a map – UK, countires and seas Weather – link to science Seasonal changes. Simple field work studying the geography of our school – directions, compass work.			
RE	Myself and belonging Similarities and difference between people Belonging to different groups – community, school, family etc Harvest Festival – link to autumn Donation to local foodbank Christmas	Christianity Jesus as a Leader Bible Stories: -Water into wine -Noah’s Ark -St Martin – relate to local church Being good samaritians Celebrations Easter Other celebrations Eid Chinese New Year	Special People Jesus as a Leader Bible Stories: -Loaves and fishes -Water into wine -St Martin – relate to local church Being good samaritians Celebrations Easter Symbols/Special Places Baptism – visit to church Features of a church and what they mean	
PSHE	Health and self-care Managing own personal needs Hand washing First aid Growth Mindset / Well-being New Beginnings – rules and expectations Getting to know you Emotional well-being SRE – Lucinda and Godfrey Body parts (Science link)	Emotion, Health and Well Being Learning powers - Introduce learning power through superhero characters Getting on and falling out Empathy Dilemas – exploring different solutiions Drug awareness – household safety First aid training.	Emotion, Health and Well Being Being a good friend Being kind Transition to Y2 Economic Well Being – saving/earning money	

			Children's mental health week			
Art	Self portrait Van Gough / David Hockney Pencil drawing Observational drawing Colour mixing Using a range of materials			Investigating materials (Linked to science) Exploring materials for art/sculture Experimenting with techniques -Weaving -Visitor to help create a piece of art.	Sculpture Explore local sculptures and a range of different Sculptors Create own abstract sculptures using clay	
DT		Moving pictures Research pop up books and mechanisms Sliders, pivots, hinges and flaps Linked to nursery rhymes Select skill to make own Christmas card	Food Pasta salad Where does food come from? Research existing pasta salads Design dish - choose ingredience and pasta shape Link to healthy eating Skills to prepare and make pasta salad - Peeling - Chopping - Slicing - Grating Evaluate own pasta salad			Wooden Models Research types of model Look at materials (linked to science/art) Skills / safety for using tools Deign and make own model Evaluate end product
Music	Singing skills Simple songs and singing games – keeping a beat and copying rhythm		Untuned percussion Exploring pulse and rhythm (drumming) Performing rhythms based on familiar songs Composing own rhythms Experimenting with different sounds Graphic score		Tuned percussion Playing Boom Whackers Playing familiar songs and rhythms Introduce notation of crotchet and quaver	
Computing	Text and Graphics Logging on skills Opening programmes Basic keyboard skills Simple word processing using Microsoft Word		Media Project Using a digital camera to take a good photo and upload Use google to find images Use iPad apps		Coding Control beebots Following instructions/directions Coding using Purple Mash	

	Creating a list Online safety	Use 2publish to make a simple leaflet Data Handling linked to maths Tally/Pictogram/Block (Maths unit- 2simple 2count 2simple 2graph) Online safety	Creating and debugging own code Online safety
--	----------------------------------	---	--

PE	Gross and fine motor skills Fine motor tasks Gymnastics Streching Positions Rolls Performing a routine	Dance Genres of dance Warming up Creating own dance moves Learning a routine Performing to an audience as a team	Athletics/Games Ball skills Jumping events Team events Circuit training Running – fitness and stamina Sports Week
