Science	<p>Earth in Space</p> <p>~ Describe the movement of the Earth, and other planets, relative to the Sun in the solar system.</p> <p>~ Describe the movement of the Moon relative to the Earth.</p> <p>~ Describe the Sun, Earth and Moon as approximately spherical bodies.</p> <p>~ Use the idea of the Earth's rotation to explain day and night and the apparent movement of the Sun across the sky.</p>	<p>Living Things & Their Habitats</p> <p>~ Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird.</p> <p>~ Describe the life process of reproduction in some plants and animals.</p> <p>Animals including Humans</p> <p>~ Describe the changes as humans develop to old age.</p>	<p>Properties and Changes of Materials</p> <p>~ Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets.</p> <p>~ Know that some materials will dissolve in liquid to form a solution and describe how to recover a substance from a solution.</p>

	<p>Forces</p> <ul style="list-style-type: none"> ~ Explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object. ~ Identify the effects of air resistance, water resistance and friction that act between moving surfaces. ~ Recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect. 		<ul style="list-style-type: none"> ~ Use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating. ~ Give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic. ~ Demonstrate that dissolving, mixing and changes of state are reversible changes. ~ Explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda.

Music	Singing: Sing a wide range of songs with an increasing range in different keys. Experiment with round/parts in a range of dynamics. Listen & Evaluate: Listen to each other during the singing of rounds, parts and echo songs. Listen and respond to a wide range of music styles and performances to develop their love for music. Identify similarities and differences when listening to different genres of music. Rhythm & Composition: Copy and create different rhythms to clap using notation to show them in written form. Christmas Performance. Children to practise to perform new learning / lead warm ups or practise skills.		Untuned Percussion: Develop knowledge of pulse and rhythm through the use of untuned percussion. Compose music using a range of time signatures, notations and musical features. Learn about a wide range of musical genres and identify musical features. Listen & Evaluate: Listen and respond to a wide range of music styles, genres and each other's performances. Rhythm & Composition: Improvise over a simple backing beat. Compose a short piece using an A, B, A structure. Capture compositions using notation and time signatures. Compose music to fit with a short film or story. Understand that music is in different time signatures. Learning about the history of Maya Civilisation through music.		Tuned/Un-Tuned Instruments – Ukelele Learn to play chords on the ukelele. Sing or play a melody over ukulele accompaniment. Children will understand how ukulele music is written down. Children will continue to develop their knowledge of staff notation and how a melody can be written. Listen & Evaluate: Listen to each other during playing and evaluate. Listen and identify features of music, including changes in pitch. Listen while playing ukulele accompaniment to ensure accurate timing. Rhythm & Composition: Copy and create different rhythms using notation to show them in written form. Understand the difference between time signatures. Keep a steady beat during ukulele playing. End of year school music celebration performance.
