### **Computer safety**

As part of their learning we regularly need children to search for information from suitable web sites such as those of museums, libraries, news providers, the BBC and other educationally relevant web sites. In time pupils will also be able to exchange electronic mail with partner schools.

We have a robust IT system to filter and block inappropriate materials and internet access is supervised. We therefore believe that the advantages of giving the children supervised access to the internet greatly outweighs any dangers.

Our Internet Access Policy is available on our website. If you do not wish your child to have access to the internet please make an appointment to discuss this with the Head teacher.

# Acceptable Use Policy – Rules for Using ICT in School

There are some really cool things on the Internet, but a lot of bad stuff too. This means we have to be **SMART** when we are online.

<b>S</b>	<b>SECRET</b> – I will always keep my name, address, mobile number and password PRIVATE – it's like giving out the keys to your home if you don't act smart.
<b>M</b>	<b>MEETING</b> someone you have contacted on the internet can be dangerous. I will only do so with a trusted adult's permission, and then when they can be with me and we'll all be in a public place.
<b>A</b>	<b>ACCEPTING</b> e-mails or opening files from people you don't really know or trust can be hurtful – they may contain viruses or nasty messages. I will only open files and messages from people I know and trust.
<b>R</b>	<b>REMEMBER</b> – someone online may be lying and not be who they say they are. I will stick to the public area in chat rooms and if I feel uncomfortable, I'll simply get out of there! I'll Be Smart and log off.
<b>T</b>	I'll <b>TELL</b> a trusted adult if someone or something makes me uncomfortable or worried.
